Your Excellency,

Brave Iranian men and women continue their massive protests against the tyranny of the illegitimate Khomeinist regime. The Islamic republic has responded with savage attacks against the protesters. Many Iranians have been injured and murdered by the agents of the regime. Many more pro-democracy activists have been imprisoned and tortured.

The courage of young Iranians has inspired many around the world. Iranians have participated in protests in Tehran, Tabriz, Shiraz, Isfahan, Babol, Mashhad and other cities to demand their rights. Iranians know that reform is not possible in the Islamic republic. The protesters have been chanting "Death to the dictator."

The Iranian people want freedom, democracy and human rights, and they realize that they cannot be free as long as the Islamic republic exists. The massive protests in Iran show that millions of Iranians oppose the Islamic republic, and the regime is vulnerable. Today, there is a historic opportunity to support the cause of freedom and democracy in Iran, and eliminate the numerous problems caused by the Islamic republic.

The Islamic republic is a menace to Iranians and the world. Just as dozens of other countries have transitioned to democracy in the past twenty years, Iranians can replace the mullah regime with a democratic government, and the process will be much faster with active international support. A democratic Iran will be an important factor in peace and security of the region and the world.

The members of the Iranian Solidarity Congress strongly support the courageous Iranians who seek freedom, and we hope that you and your colleagues at the U.N. will defend the human rights of the Iranian people, and compel the Islamic republic to stop violating the human rights of Iranians. We respectfully urge you to actively work to free all political prisoners in Iran.

Sincerely,
